Subject: Re: KATHRYN & SALLY: BLM Info Provided & FS Info Needed re. Bears Ears (E.O. 13792)

Kathryn,

Thanks for the phone conversation on this. Here are the Bears Ears NM documents I mentioned:

(1) Executive Summary (this is something that BLM created, with DOI's blessing, that we thought would help to provide an overview on the data request for Bears Ears NM. We are doing an Executive Summary for our other monuments under review as well.);

(2) Initial Data Request with Responses; and

(3) Additional Questions that DOI asked us.

These three documents reference supporting documents that are in the DOI google drive that you don't have access to. If you need to see a few of the supporting documents, let Tim and I know, and one of us can email those to you.

Please let me know if you have any questions and thanks for copying Tim (tjfisher@blm.gov).

Sally

Great! If you could send them to me, and Mark Pentecost and Tami Conner (I am cc'ing both of them), that would be great.

Thanks!

Kathryn

Jaime and Kathryn,

I can share via email a few key documents that should assist with your review. One is an executive summary, another provides responses to the initial data request, and a third document provides responses to additional questions we received. These documents will provide you with the bulk of our response. They reference supporting documents that I can share, as needed, via email.

Let me know who I should send the above described documents.

Thanks, Sally

Hi Sally and Kathryn— connecting you two via this email.

- ☐ Sally is BLM's Acting National Division Chief for National Conservation Lands
- ☐ Kathryn is the FS' Intermountain Regional Director of Lands and Minerals (and our lead POC in Bears Ears NM)

I've confirmed via DOI's Randal Bowman that the FS won't be granted electronic access to the DOI database where info corresponding to the monument data calls is being collected/compiled (due to contracting/security issues). The FS is creating a single spreadsheet for our folks to respond to DOI's 2 data requests and we'll be sending that out to FS regional leads tomorrow.

BLM has the lead on Bear's Ears for this E.O response. Per my discussions with Randal and Sally, our Bears Ears SME(s) need to review/verify BLMs info they've complied over the last 2 weeks to (if it appears to reflect FS-managed portions of the monument) and/or supplement it with FS-related information. It sounds like the most efficient way for that to occur is if: 1) our FS SME(s) can review what BLM has provided via a BLM employee with access to a BLM computer; or 2) by sharing email copies of BLM content documents and editing or supplementing those. **Sally & Kathryn— thoughts on most expedient approach here?**

Note that DOI confirmed today that although DOI responses for Bears Ears are already due, since DOI bureaus' had a 2-week head-start on us, the FS' Bears Ears response is due to DOI by June 2nd. (they'd of course appreciate it sooner if possible).

In the meantime to help this along, this afternoon DOI provided me with the attached FYI copies of info BLM has provided them re. Bears Ears Nat'l Monument:

- ☐ BLM's response to the "Additional Data Request" DOI provided (not sure whether these replies also cover FS-managed sections?)
- ☐ A PDF table of what appears to be a listing of timber production info from BLM's Monticello Field Office.

DOI also indicated they also have additional, more extensive response materials from BLM, but Randal didn't have those on-hand to readily share. **Again—I welcome you both coordinating on most efficient sharing/review approach here (please keep me in cc loop).**

To help ensure we're keeping key folks updated and content coordinated, FS submittal of updates/content should come through me and/or be cc'd to me.

Thx both— much appreciated.

Jaime- Let me know when you have a sec to chat on the Tribal listening sessions. At this point, given the location of the sessions (Portland, Billings, and Phoenix), we were thinking that it is most efficient to have the local regions/units attend, rather than us fly to these areas. In addition, since we only have one monument under review in R4 that effects NFS lands, it doesn't seem to be the best use of our time. But I wanted to see if you heard back from the other Regions on their attendance. If needed, we could have someone fly to the Phoenix session as a day trip.

In addition, what is the expectation of FS rep? I am assuming it is just to listen and take notes, but let us know if you have a different expectation.

Thanks!
